

HEADSETS

HEADSETS WITH LIGHTWEIGHT, STRENGTH AND DURABILITY IN MIND.
TOP QUALITY SEALED BEARINGS

Sang Royal TITANIUM

The Sang Royal (Holy Graal) titanium headset is made with 2 Titanium cups, 2 top quality sealed bearings.

The cups are machined to minimize weight, and a little more high than the regulars headset to maximize the strength when mounted on your bike.

The result is a superlight headset, extra strong and smooth.

Weight : 125gr
star nut : 26gr

Santa Royal

Aluminium 7075 heat-treated cups.
Comes in 5 anodized colors : Royal Green, Silver Knight, Black Rider, Dragon Blue and King Red.

Same sealed bearings than the titanium model.

Weight : 97gr
star nut : 26gr

Weevil
